

Amendments to the Specification

1. The list below (a-d) is a summary of the amendments made to pages 1-15 of the specification
 - a. The title of the invention has been shortened as stipulated in the DA. The amended title is:
“Video-Imaging Apparel With User-Control System”
 - b. Brief descriptions of the video content depicted on the surfaces of the vest and skirt apparel segments in FIGS. 1A-1C and 2A-2C (requested in a prior office action) have been added to the “BRIEF DESCRIPTION OF THE DRAWING FIGURES” and “DESCRIPTION OF THE PREFERRED EMBODIMENTS” sections of the specification.
 - c. Minor corrections of typographical errors have been made throughout the specification.
 - d. The entire specification, as amended (pages 1-15) is enclosed.

Regarding the Abstract

The applicant observed that the previously submitted abstract exceeded 150 words, so an amended abstract in compliance with the 150 word limit is enclosed (numbered page 16).
